

"A MAN PASSIONATE ABOUT AVIATION AND FINE MECHANISMS ONLY SHARES HIS FLIGHTS WITH
THE ULTIMATE CHRONOGRAPH LEGEND."

Whether at the controls of one of his jets or his many other flying machines, John Travolta daily plays his own role: that of a first-rate pilot who has notched up over 6,000 flight hours and eight certifications on various types of aircraft. That of a man who is passionate about everything embodying the authentic aeronautical spirit. On his wrist is a Breitling Navitimer with its famous aviation slide rule. A cult-watch for all devotees and professionals of the conquest of the skies, equipped with Breitling Caliber 01, probably the best selfwinding chronograph movement. For John Travolta, it is simply the ultimate chronograph legend.
