Zur Einführung

eit der Mitte des vorigen Jahrhunderts hat man wieder allenthalben dem Studium der Heraldik ein stetig sich steigendes Interesse zugewandt. Man wurde sich wieder bewußt, daß Kenntnis der Wappen— die Wappenkunde — nicht nur ein sehr wesentliches Hilfsmittel der Genealogie und damit der Geschichte ist, sondern daß auch der Darstellung von Wappen— der Wappenkunst — ein bemerkenswerter Anteil in Kultur und Kunstgeschichte zukommt. Hatten doch, solange noch die hohe Bedeutung des Wappenwesens für Geschlecht und Einzelpersonlichkeit aus dem Mittelalter nachwirkte, beginnend mit der Renaissance, erstklassige Künstler wie Dürer, Holbein, Cranach, van

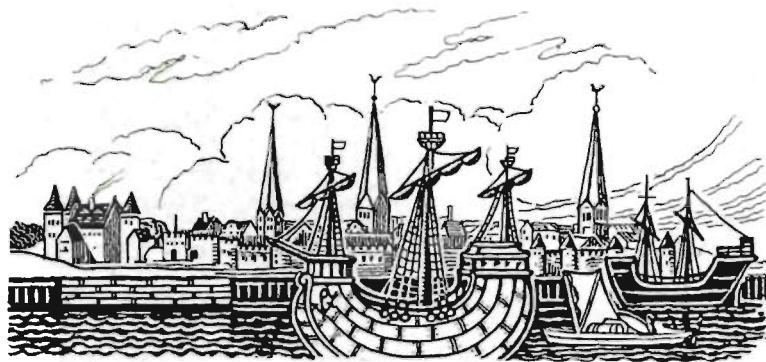

Leyden, Schongauer, Amman, Baldung, le Blond und viele Andere sich mit künstlerisch hochwertigen Wappenentwürfen befaßt. Nun begann man wieder diesen vernachlässigten Zweig der historischen und kulturhistorischen Vergangenheit zu pflegen. In allen Ländern Europas und selbst in den an Traditionen nicht all zu reichen Vereinigten Staaten von Nord-Amerika entstanden gelehrte Gesellschaften, die bestrebt waren der Wappenkunde und Wappenkunst zu einer neuen Blüte zu verhelfen. Zu den Mitgliedern dieser neuen Gesellschaft zählten sowohl namhafte Gelehrte, als auch bedeutende Künstler, unter ihnen namentlich zahlreiche Vertreter des damals aufblühenden Kunstgewerbes. Diese Vereine trugen durch die Publikation wissenschaftlich sehr wertvoller Zeitschriften, unter ihrer Regide veröffentlichter gelehrter Abhandlungen und durch heraldische Aufstellungen (die 3 ersten in Wien, Berlin und Mitau) das Interesse für Heraldik in immer weitere Kreise. Im Zusammenhange damit kam dann das führen von Wappen im Bürgerstande wieder und mehr in Aufnahme. Es ist nämlich ein weit verbreiteter Irrtum, daß sich das Wappenführen allein auf den Adel beschränkte. Bessere Bürgergeschlechter haben schon frühzeitig selbstgewählte Wappen gebraucht und sich im 15. Jahrhundert solche bestätigen oder neu verleihen lassen durch die sogenannten Wappenbriefe. Nachdem dann seit dem 17. Jahrhundert auch kleinere Leute, Handwerker, selbst vereinzelt Bauern zu briefschließenden Siegeln statt Hausmarken, Steinmetzzeichen und erwählten Symbolen Wappen benutzt hatten, kam dann mit dem Briefumschlag erst das Siegeln und dann das Wappenführen in der bürgerlichen Gesellschaft sehr in Abnahme. Bei so mancher familie geriet das Wappen in völlige Vergessenheit, selbst wenn es durch mehrere Generationen geführt worden war. Mit der Wiedererweckung der Heraldik begann man nun vielfach die bürgerlichen Wappen bestimmter Landesteile zu sammeln und zu veröffentlichen, um sie der Vergessenheit zu entreißen oder sie vor Vergessen zu schützen. Diese Aufgabe hat sich bei uns, sehr verdienstvoller Weise, Herr M. Müller gestellt, wobei er, den besonderen örtlichen

Verhältnissen Rechnung tragend, den nicht immatrikulierten Adel mit in den Rahmen seiner Arbeit zog. Denn eine große Anzahl ursprünglich bürgerlicher Familien hatte, oft nur in einzelnen Linien, durch Dienstrang oder persönliche Auszeichnung den russischen Erbadel erhalten, ohne aus dem bisherigen Milieu auszuscheiden. Diese Familien gesondert zu bringen, hätte dem vorliegenden Werke nur zum Nachteil gereicht. Das wechselreiche Schicksal unserer Baltischen Heimat spiegelt sich auch in dieser Wappensammlung wieder: polnische, schwedische und russische Einflüsse machen sich auch bei neugewählten Wappen rein deutscher Familien geltend. Zu den Wappen der aus den Nachbarreichen eingewanderten Geschlechter treten dann noch solche, deren Träger aus entfernteren Ländern hierher kamen: englische, französische, schweizerische, schwedische. Auch von Letten geführte Wappen kommen vereinzelt vor. Endlich noch zwei jüdische.

Nachdem mir dieses mit einem ungewöhnlichen Aufwand von Mühe und Fleiß, sowie der größten Sorgfalt zusammengestellte Werk zur Einsichtnahme vorgelegen hat, kann ich mich, nach gewissenhafter Prüfung, dahin äußern, daß, wenn auch eine solche Arbeit — wegen ihres Umfanges und des überallhin zerstreuten Materials — wie das stets der Fall sein wird, nicht absolut Vollständiges erreichen konnte, hier doch von Herrn M. Müller unendlich vieles bleibend festgelegt und vor der Vergessenheit bewahrt worden ist. Dem Werke, dem eine weit über die Grenzen unserer engeren Heimat hinausgehende Bedeutung zukommt, kann nur allseitige Förderung bei der Herausgabe gewünscht werden.

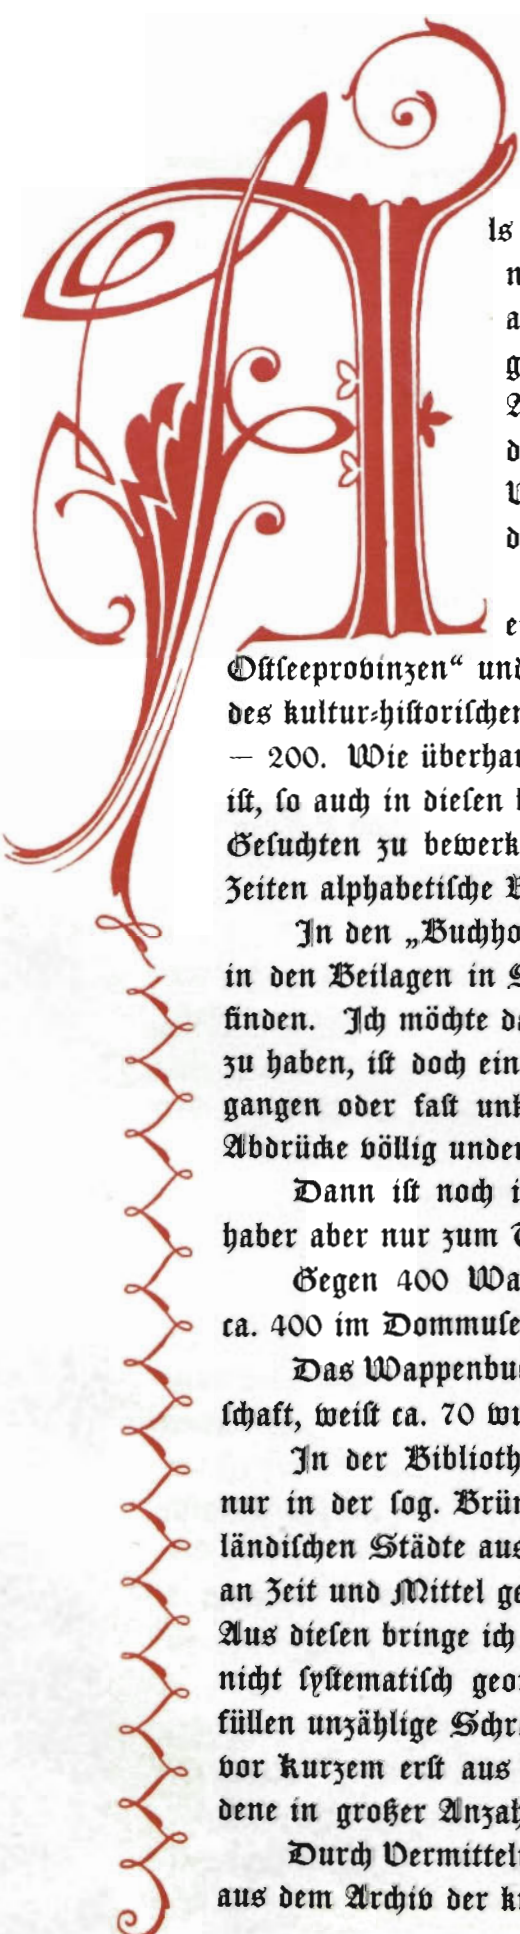

Richard v. Hehn

Vorsitzender der Aibl. Genealog. Gesellschaft.

Riga, 1630

Einleitung

Als ich im März 1929 mit dem Sammeln der Wappen der bürgerlichen und nicht-immatrikulierten Adelsfamilien in den rigaschen Archiven begann, da ahnte ich nicht, daß die Archive so reichhaltig damit versehen sind. Eine große Anzahl von Wappen derselben Familien fand ich in mehreren Archiven, wie dieses meine Spezialverzeichnisse aufweisen. Der größte Teil der Wappen gehört aber hier im Baltikum ausgestorbenen, oder nach dem Weltkriege ausgewanderten Geschlechtern an. Besonders für diese letzteren dürfte mein Wappenbuch von Interesse sein.

Den größten Teil der Wappen fand ich in der Stadt-Bibliothek im einstmalen Rathause. Allein in den „Materialien für Personenkunde der Ostseeprovinzen“ und ihren Beilagen des Dr. A. Buchholz, über 600, und in den 10 Bänden des kultur-historischen Sammelwerkes des Dr. phil. Joh. Chr. Brose aus den Jahren 1780–1820 – 200. Wie überhaupt Alles in den rigaschen Archiven mustergültig geordnet und aufbewahrt ist, so auch in diesen beiden Werken. Mit Leichtigkeit ist das Orientieren und Auffinden des Gesuchten zu bewerkstelligen, weisen doch sogar die rigaschen Kirchenbücher bis in die ältesten Zeiten alphabetische Register auf.

In den „Buchholz'schen Materialien“ sind die Wappen gezeichnet, (wie auch bei Brose), in den Beilagen in Siegelabdrücken auf den verschiedenartigsten Dokumenten und Briefen zu finden. Ich möchte das Verdienst in Anspruch nehmen, diese letzteren vom Untergange gerettet zu haben, ist doch ein großer Teil derselben durch Abspringen des Lackes bereits verloren gegangen oder fast unkenntlich geworden. Leider sind auch sehr viele Wappen durch schlechte Abdrücke völlig undeutlich.

Dann ist noch in der Stadtbibliothek eine Sammlung von Siegeln erhalten, deren Inhaber aber nur zum Teil sich feststellen ließen.

Gegen 400 Wappen in Siegelabdrücken fand ich im Stadtarchiv (Dommuseum) und ca. 400 im Dommuseum.

Das Wappenbuch des Barons A. von Földkersam, im Besitz der libl. genealogischen Gesellschaft, weist ca. 70 wunderbar gezeichnete bürgerliche Wappen auf.

In der Bibliothek des Staatsarchivs, jetzt Hagensberg, Schloßsche Str. 24, konnte ich nur in der sog. Brüning'schen Sammlung (80 Wappen) und in den Revisionslisten der kurländischen Städte aus den Jahren 1797–1818 Einsicht nehmen (140 Wappen), während es mir an Zeit und Mittel gebrach die kurländischen Revisionslisten des flachen Landes zu durchsuchen. Aus diesen bringe ich nur mir gelegentlich übermittelte Wappen. Leider sind diese Listen noch nicht systematisch geordnet, was die Quellenangabe natürlich sehr ungünstig beeinflusst. Sie füllen unzählige Schränke. Dasselbst ist auch noch das Archiv der kurländischen Herzöge, das vor kurzem erst aus Rußland zurückgeschickt ist, zu durchforschen. Auch dieses weist verschiedene in großer Anzahl mit Wappen besetzte Dokumente auf.

Durch Vermittelung meiner Freunde wurden mir noch zugestellt die bürgerlichen Wappen: aus dem Archiv der kurl. Ritterschaft ca. 52 Wappen, aus den kurländischen Güter-Chroniken

11 Wappen, aus den Jahrbüchern für Genealogie, Heraldik und Sphragistik ca. 20 Wappen, aus dem Kontraktbuch der Schwarzen Häupter zu Riga Nr. 33 v. J. 1651, 1716, 1785 ca. 10 Wappen, aus dem Gemeinnützigen Verbands (Riga, Schulenstr. 11) ca. 10 Wappen, aus dem Archiv der Kleinen Gilde 4 Wappen und den Dokumenten d. Rechtsantw. Herrn H. v. Transehe 4 Wappen.

Die Wappen im Dom und in der Petrikirche, sowie an den Grabkammern auf dem Kirchhofe in der Friedensstraße sind fast sämtlich in Zeichnung oder Abdruck in den Archiven vorhanden.

An den Häusern des alten Riga befinden sich nur noch ca. 17 Wappen und zwar in der:

| | |
|---|---|
| Jungfernstraße (Haus Jaksch) | das Wappen der Ahrens |
| Kaufstraße Nr. 10 | „ „ „ Friesen |
| Gr. Königstraße (im Hof des Stadtamtes) Nr. 6 . . . | „ „ „ Drachenhauer |
| Marshallstraße Nr. 16 | „ „ „ v. Berens |
| „ Nr. 21 | „ „ „ v. Dannenstern |
| „ Nr. 26 | „ Alliance-Wappen der v. Vegefack u. v. Hanenfeld |
| Neustraße Nr. 35 | ein unbekanntes Wappen |
| Petri-Kirchenplatz (Druckerei E. Plates). | das Wappen der Heydebogel |
| Peitaustraße Nr. 9/10 | „ „ „ Zuckerbecker |
| Kolenstraße Nr. 3 (einst der Katskeller) | ein unbekanntes Wappen |
| Scharrenstraße Nr. 22 (Edes Wirwenstift) | das Wappen der Eds |
| Kl. Schlossstraße Nr. 17 | ein unbekanntes Wappen |
| Stegstraße Nr. 5 | das Wappen der Stottel |
| Weberstraße Nr. 3 | „ „ „ Strauß |
| Kalnezeemische Straße Nr. 30 | die „ „ fenger und v. Klot |

Die Wappen der unbekanntenen Hausbesitzer sind am Schluß des Buches zu finden.

In der Annenkirche zu Mitau sind in den Fenstern von der einst viel größeren Anzahl nur noch 20 bürgerliche und 1 adliges (v. Haudring) übriggeblieben. Sie sind heraldisch ganz schön wiedergegeben, nur will es mir scheinen, daß die Tinkturen, vielleicht aus Mangel an farbigem Glase, nicht richtig sind. Zu häufig Gold auf Silber.

Über der Pforte der Trinitatiskirche zu Mitau sind in Stein gehauen die Wappen der Denckelmayer und Wichmann, z. T. auch schon schlecht erkennbar.

In großzügiger Weise haben mir ihre Wappensammlungen zur Verfügung gestellt die Herren Oberlehrer E. f. Spehr in Libau und Oberstleutnant Harry Bollmann in Kollitten. Der Erstere hat mir sein selbst hervorragend schön gezeichnetes Wappenbuch, zum größten Teil Libauer Familienwappen enthaltend, zum Kopieren überlassen. Ich konnte demselben ca. 190 Wappen entlehnen. Die übrigen ca. 120 hatte ich in rigaschen Archiven gleichfalls gefunden. Herr Oberstleutnant Bollmann, von dem ich ca. 120 mir nicht bekannte Wappen geliefert erhalten habe, hat dieselben zum größten Teil den kurländischen Revisionslisten des flachen Landes entnommen.

Ich spreche diesen beiden Herren an dieser Stelle noch meinen speziellen Dank für ihr Interesse an meiner Arbeit aus.

Einen gleichen Dank den Herren Georg v. Krusenstjern und Obrist v. Essen in Kebab. Auch sie haben durch Übersendung einer Anzahl, bereits schön gezeichneter Wappen aus Kebabaler Archiven, meine Sammlung bereichert.

Während meiner Arbeit erhielt ich den ehrenvollen Auftrag die Wappen der Ältesten der Großen Gilde zu Riga für eine Wappenmappe zu malen. Dieser Auftrag, der mir vom Kammerer, Herr Ältester Alfred Jaksch und Herr Mag. A. Feuereisen erteilt wurde, war für mich von besonderer Bedeutung, ermöglichte er doch durch die pekuniäre Unterstützung mir meinen Aufenthalt in Riga. Auch diesen beiden Herren meinen verbindlichsten Dank.

In der Großen Gilde, im Mariensaal, fand ich ca. 80 Wappen aus älterer und neuerer Zeit. In einer Mappe noch einige 20 Wappen, die von den, durch Motten zerstörten Kissen der Ältesten, kopiert waren. Zu diesen ca. 100 Wappen konnte ich noch über 220, Dank meiner Sammlung hinzufügen, so daß die Wappenmappe jetzt einen ganz stattlichen Umfang aufweist. Es sind über 320 Wappen darin. Das einzige Wappen, das sich noch auf einen silbernen Becher des einst so reichhaltigen und auch historisch wertvollen Silberschatzes der Großen Gilde erhalten hat, ist das der Familie Stoppelberg. Um diese Sammlung geschlossen hier wiederzugeben, so habe ich auch die Wappen der Familien, die später geadelt und in die Matrikel des baltischen Adels aufgenommen worden sind z. T. dem Baltischen Wappenbuch von Klingspor entnommen, wiedergegeben. Es sind dieses die Familien:

v. Bendendorff, v. Berens, Berens v. Kautensfeld, v. Berner, v. Bienemann, v. Blankenhagen (nach Nottbeck), v. Boetticher, v. Dellinghausen, v. u. Graf Dunten (Dunte), v. Gunzkow, v. Gerngroß, v. Grote, v. Hanefeld (das Wappen in der Marstallstraße Nr. 26 ist anders), v. Jacobs, v. Kahlen, Koke v. Grünblatt, v. Königsfels, v. Kröger, v. Kymmel, v. Oettingen (Oetting), v. Panzer, v. Pander, v. Ramm, v. Kennenkampff, v. Keutern, v. Rickmann, Rigemann später v. Loewenstern genannt, v. Samson, v. Schröder, v. Sengbusch, v. Staden, v. Trompowsky, v. Vegefack, v. Wildken.

Den Nachweis, ob die Familien schon vor der Nobilitierung das Wappen geführt haben, habe ich allerdings nur in wenigen Fällen feststellen können. Die Nobilitierten sind aber jedenfalls Nachkommen der früheren Gildenältesten.

Vor Tores Schluß habe ich noch durch Herrn N. Eichhorn-Rebal 180 Wappen erhalten, die aus dem Archiv der Gelehrten Estnischen Gesellschaft zu Dorpat stammen und nach Siegelabdrücken gezeichnet sind.

Auf meine verschiedenen Aufrufe in den Zeitungen sind mir über 240 Wappen persönlich übermittelt worden. Auch diesen Personen, Damen und Herren, meinen verbindlichsten Dank für das Interesse.

Dann habe ich noch dem Herrn Bibliothekar der Stadtbibliothek N. Busch für seine lebenswürdige Hilfe, der Redaktion der „familiengeschichtlichen Blätter“ in Leipzig für den Abdruck einer Probetafel der Wappensammlung, dem Leiter der Druckerei- und Verlags-A.-G. Ernst Plates, Herrn Nicolai v. Klot für sein bereitwilliges Entgegenkommen und meinen ganz besonderen Dank meinem heraldischen Lehrmeister, Herrn Richard v. Hehn, für seine jahrelangen Bemühungen und Unterweisungen auszusprechen.

Dann will ich noch bemerken, daß es mir nicht möglich war die Wappen im Styl der Siegelstiche wiederzugeben. Das Material war zu groß, ich konnte es nur schablonenmäßig bewältigen. Meinen Hauptzweck, die Figuren der Wappen deutlich wiedergegeben zu haben, um die Wappen den Nachkommen zu erhalten, hoffe ich erreicht zu haben. Der Zweck des Wappenbuches wäre damit erfüllt.

Sobiel es möglich war, ist die Zugehörigkeit des Wappens zur betr. Familie gewissenhaft nachgeprüft worden. Sollten trotzdem einige Irrtümer unterlaufen sein, so waren sie unvermeidlich. Wenn nachweislich Personen mit einem, ihnen nicht zustehenden Wappen gesiegelt hatten, so wurden solche nicht berücksichtigt. Solche Fälle sind nicht selten. So haben z. B. in den Revisionslisten der Stadt Mitau 7 Personen mit dem Wappen einer Achten gesiegelt und ein Jeder der Sieben hatte unterschrieben: Meine Hand und mein Siegel.

Meines Erachtens ist die Echtheit des Siegels bei erloschenen Familien nur dann gesichert, wenn das Wappen entweder ein „redendes“ ist (d. h. wenn der Träger des Namens Hahn oder Hirsch, einen Hahn oder Hirsch, ein Rebentisch, einen Tisch mit einer Schale auf dem eine Weinrebe liegt, im Schilde führt usw.), oder aber das Siegel die Initialen des Betreffenden aufweisen.

Als seltene Ausnahmen will ich noch hier nennen: Die beiden Wappen der Personen lettischer Nationalität: Viting und Wihtol, die Wappen der Juden Eichel und Haack (Faktor des Herzogs Friedrich Casimir von Kurland) und besonders das der sogen. „kurländischen Könige“, vertreten durch die noch heute blühende Familie „Pennicke“.

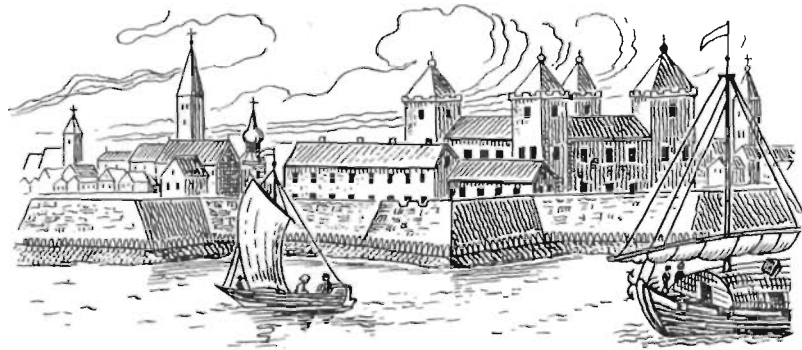

Einige russische, polnische, schwedische, auch schweizerische, englische und französische habe ich gebracht. Der größte Teil sind hier natürlich Deutsche.

Zum Schluß will ich noch bemerken, daß über die Familien in Livland und der Stadt Riga Auskunft erteilt Herr Erich Seuberlich (Riga, Schützenstraße 4a), für Kurland Herr Oberlehrer Carl Wilde v. Wildemann (Riga, Blaumannstraße 9, W. 26) und für Estland Herr Richter Georg Adelheim, Rebal, Königstraße 8.

Im Ganzen sind es 2742 Wappen.

Als Anhang bringe ich noch 85 Hausmarken, von denen die der schwedischen Bauernhöfe auf der Insel Runo wohl am meisten interessieren dürften. M. M.

Riga, im Oktober 1931.

Mitau 17-tes Jahrh.
