## **The Shifting Sands**

Through the desert they roam  
Beneath the blistering sun  
Lost souls searching for home  
In sands that constantly run

Rays of sunlight scorch their skin  
As the dunes whisper secrets untold  
Each step further, deeper within  
In this mysterious world they unfold

Mirage's illusions taunt and deceive  
Their tired minds fall prey  
Yet they continue to believe  
That salvation lies at the end of the day

Timeless journey, endless quest  
The shifting sands hold their fate  
In this arid land they invest  
Hoping to find peace and escape

## **Fluid Footsteps**

Amidst the rolling tide  
I trace my path in haste  
With fluid footsteps as my guide  
I embrace the ocean's grace

Beneath the moonlit sky  
Whispers of waves I hear  
As each step I apply  
My worries disappear

My feet sink in the sand
